

School uniform: <http://www.audio-lingua.eu/spip.php?article2663> et : <http://www.audio-lingua.eu/spip.php?article2662>

I think the reason why a lot of people wear uniforms is to prevent bullying)

A lot of people get bullied.... or put into groups, for how they look, or dress, or judged for what they're wearing, how much it costs, wether it's a label or not)

So everyone looks the same and it prevents people from being in different... cliques)

I think it also represents the school's image... so obviously if everyone' s neat and the uniform is nice... people will look up to those people and will say "oh! that school's good, I'm gonna try to send my children to that school)".

Mine was... consisted of a greenish blueish kilt... so I had to wear a skirt in the winter which was(n't)cold)

Obviously, you can wear tights, black shoes, black plain shoes, a white shirt, and then a navy-blue v-neck jumper; then on top you could wear, you had to wear a navy blue blazer with the school quest)

So, it was really cold in the winter, and then you're too hot in the summer)
